## HEALTH INSURANCE REQUIREMENTS

Florida State University requires eligible students to maintain qualifying health insurance coverage each academic year.

To ensure compliance with this requirement, eligible students are automatically enrolled in the FSU-sponsored Student Health Insurance Plan unless an approved waiver is on file.

### Important dates for the 2026–2027 academic year:

- **July 15, 2026:** Student health insurance charges begin posting to student accounts.
- **August 14, 2026:** Deadline to submit an insurance waiver (opt out).

**If you already have health insurance coverage through another plan and do not wish to be enrolled in the FSU-sponsored Student Health Insurance Plan, you must submit a waiver (opt out) by August 14, 2026.** Failure to do so may result in automatic enrollment and applicable charges to your student account.

To check your status, submit a waiver (opt out), or learn more about the student health insurance requirement, visit the [Student Health Insurance and Immunization Requirements](#) website.

If you have already submitted an approved waiver, no further action is required.
